Why choose MTS BondVision?

Established in 2001, MTS BondVision is a regulated and secure dealer-to-client trading platform for government bonds and credit that connects investors to an extensive network of dealers across Europe and the US.

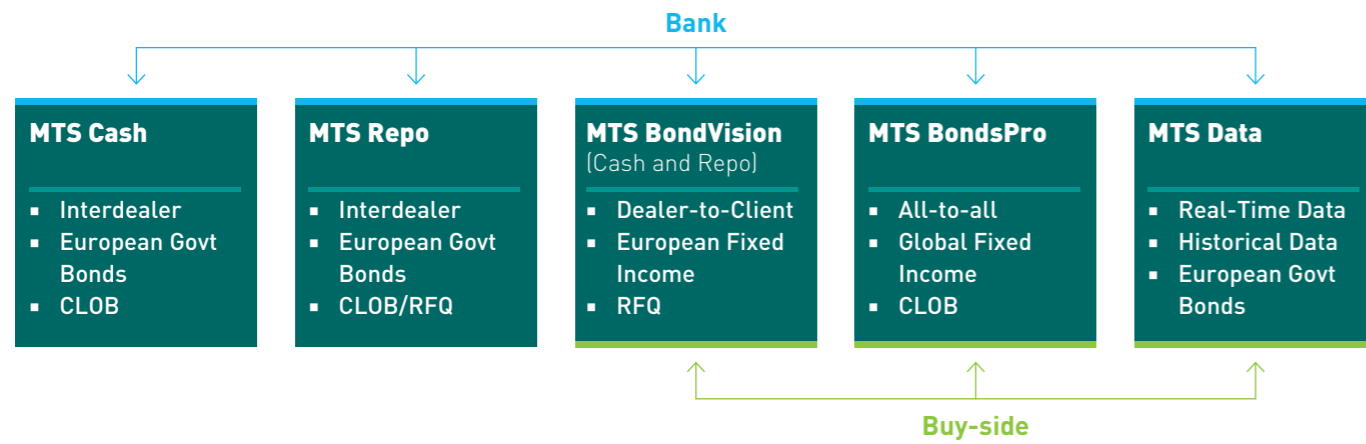

Trusted by thousands of traders, MTS BondVision offers direct access to the heart of the bond market's liquidity. The platform is tailored directly to the needs of fixed income investors and supports trading in multiple currencies, including EUR, GBP, USD, CEE local currencies and Nordics (DKK, NOK, SEK).

MTS BondVision operates as an MTF under the supervision of the FCA in the UK and as a regulated market in Italy under the supervision of the Italian Ministry of Finance, Bank of Italy and Consob. In the US it is operated by MTS Markets International Inc. ,which is a member firm of the Financial Industry Regulatory Authority, Inc. (FINRA) and the Securities Investor Protection Corp (SIPC).

By connecting users directly to one of the largest networks of liquidity providers available on one online trading platform, MTS BondVision ensures access to the best prices and rates available for a wide range of government bonds and credit products, both outright and repo.

Benefits Include:

- Extensive network of regional and global liquidity providers
- Execute on the best price available via RFQ-based trading model
- Search for and execute axed bonds
- Access a unique pre-trade view of the interdealer market with MTS Data
- Fully regulated and secure trading venue, compliant with MiFID II and other applicable regulation
- Interoperable with all major OMS providers
- Single client application for cash and repo trading

Fully regulated market

- Execution on MTS BondVision is available via three regulated trading platforms:
 - BondVision – regulated market operated under the supervision of the Italian Ministry of Finance, Bank of Italy and Consob
 - BondVision UK – MTF operated under the supervision of the FCA
 - BondVision US – operated by MTS Markets International Inc., which is a member firm of FINRA and SIPC
- Post-trade processing, reporting, portfolio and risk management tools enable compliance with global regulatory authorities (ECB, FCA, CONSOB, etc.) and reporting (MiFID)
- Post-trade analytical services enable you to measure the benefits generated from electronic trading for compliance purposes

Pre-and post-trade functionality

BondVision delivers comprehensive pre-trade price transparency and full integration with all major OMS providers.

Benefit from:

- Indicative prices on BondVision Best Page
- Data from MTS interdealer markets, firm prices with market depth and volumes
- DDE link to see real-time data in Excel
- Customisable screens

All trade information is exportable to Excel, OMS and other systems, and every price update is stored, allowing you to prove best execution for MiFID Article 21 and mark-to-market.

Best execution

TRADING:

- Outrights/switches/butterflies/lists
- Partial quote
- Auto execution
- Block trade registration

AXES:

- Live axe dealer information
- FIX and non-FIX dealer feeds supported
- Price, size displayed, timestamp
- Independent from streamed price stack

DATA:

- Real-time interdealer order book
- Five layers of depth on the order book
- Aggregated trading data by bond with price information
- Trade-by-trade information for all European government bond markets in real-time

About MTS Group

MTS Group facilitates a number of regulated electronic fixed income markets across Europe and the US that are managed centrally to ensure optimum levels of global harmonisation and consistency. Over 500 unique counterparties trade an average volume of €130 billion each day on these platforms.

The individual companies within the MTS Group are regulated by financial services regulators in a number of European jurisdictions, including Financial Conduct Authority (FCA), Italian Ministry of Finance, Banca d'Italia and Consob, Autorité des Marchés Financiers (AMF). In the United States MTS Markets International Inc. is a member of FINRA and the SIPC and operates MTS BondsPro which is an ATS registered with the SEC.

MTS Cash is a comprehensive and professional cash securities trading environment for the interdealer marketplace. MTS cash includes several domestic markets regulated in different jurisdictions enabling primary dealers to access unparalleled liquidity, transparency and coverage.

MTS Repo provides an order-driven market for the electronic transaction of repo agreements and buy/sellbacks in Italy.

MTS BondVision is a trusted and efficient multi-dealer-to-client electronic bond trading platform, delivering exceptional access for institutional investors direct to dealers. MTS BondVision is accessible in Europe either from the Bank of Italy/Consob supervised regulated market/MTF or the MTF supervised by FCA, and in the US through the SEC/FINRA authorised ATS. BondVision provides institutional investors with real-time pricing and the ability to trade with the major dealers.

MTS Data is sourced directly and exclusively from the MTS interdealer market and includes benchmark real-time data, reference data, reference prices and historical data, providing the benchmark data source on the fixed income market.

MTS BondsPro is a trading platform that supports Corporate Bond trading. MTS BondsPro is an Alternative Trading System registered with the Securities and Exchange Commission (SEC) and operated by MTS Markets International Inc.
